

Having won the Kindness UK kindest campus in the UK Dornoch Firth 3-18 Campus were awarded a bursary to further promote kindness.

The pupils chose to purchase what they are calling “friendship benches”.

The youngest children chose rainbow benches for both Dornoch and Bonar Primaries, the older primary and academy pupils chose Brown and Blue benches.

The pupils insisted we ordered benches made of recycled plastic and are very pleased that the benches have prevented 16,000 plastic bottles going into landfill.

The pupils have chosen the location of the benches on the campus and each has a plaque acknowledging the Kindness UK charity.
