

Our Kindness Poster Competition ran all week, with over 50 entries! The winning poster was enlarged to A3 and is displayed all year, in different locations around the school. This will remind children of the importance of being kind!

The Kindness Tree, much loved by the children, is on display until Christmas, reminding the children again of our very successful week! The leaves are covered in good deeds done that week. This was a reflection piece at the end of our busiest and very successful Kindness Week!!

Finally, with the help of Student Council and Classroom Teachers, we were Kindness Catching. Throughout the week, the children caught being kind were given kindness points. The child with the most points in each class was awarded a Kindness Award in a special awards ceremony!
